Examiner Vu left a voicemail for the undersigned on October 26, 2010 indicating that the application had been returned to him from the Issue Branch for the inclusion of the term "non-transitory" before "computer readable medium" in the claims (e.g. in claims 15, 16 and 19-22). The undersigned left a voicemail for Examiner Vu on the same date indicating that it would be fine to add the term "non-transitory" to the claims by Examiner's amendment and requested that the application be returned to the Issue Branch as soon as possible.

Respectfully submitted,
